LEADERSHIP ST. JOSEPH COUNTY

OUR MISSION

Leadership St. Joseph County is designed to enhance leadership skills for individual growth, organizational improvement and increased community effectiveness.

Class Schedule

The Leader within

This session will involve personal assessments which will provide a profile of individual behavioral preferences, primary motivators, and core values and beliefs. These profiles will help participants adopt a leadership style that is consistent with who they truly are yet considers the diversity that will exist within teams they will lead..

January 27

Human Centered Design

This session will help participants understand a diverse array of styles and how one's personal style best integrates with other styles. At the core of Human Centered Design is understanding that we manage a mental world and not a physical one. Participants will learn how to design systems that utilize diverse motivational drivers and core values while maintaining consistent progress towards key organizational goals.

Effective Execution

We receive hours of training and education on setting goals and objectives and developing plans, strategies, and tactics but rarely do we receive training on the best systems for executing those plans in order to achieve desired outcomes and results. This will focus on the process of effective execution of plans, strategies, and tactics.
